Description

Commercial HVAC System Replacement - 25,000 sq. ft. Property

We are seeking qualified contractors to replace the central air conditioning system in a two-story, 25,000 sq. ft. commercial property housing 14 office spaces. The new HVAC system must meet modern energy efficiency standards and be capable of effectively servicing the entire building.

Requirements:

- Assess current system and provide a proposal for removal and installation.
- Install a modern, energy-efficient HVAC system with proper zoning for office spaces.
- Include a maintenance plan post-installation.
- Adhere to all local permitting and safety regulations.

Submission Deadline: Feb 1, 2025
